# Additional Snapshot

310500MAY11 EOD Team 2-2 departed COP Kandalay with Creek 3 element ISO OPN Shadow Stalker. Along the preplanned route to break in contact rally point (RP), a bed down area was visually detected by ANA and [REDACTED] (b)(1) 1.4(a)

[REDACTED] (b)(1) 1.4(a) discovered a jug buried approx. 10 meters NW of bed down site at the base of a pomegranate tree at [REDACTED] (b)(1) 1.4(a) EOD TL was called forward for scene interrogation of bed down site and jug location. [REDACTED] (b)(1) 1.4(a) and remote moved all items to include blankets, weapons, grenades, magazines and magazine vests. [REDACTED] (b)(1) 1.4(a)

[REDACTED] (b)(1) 1.4(a) EOD TL remote moved jug out of its emplacement and discovered it was full of small arms rounds. No additional items were found at the scene and hole of jug location was used for disposal site. EOD turned over 2 vests with 2x magazines, 5 additional magazines and 2x AK-47s over to finding unit for evidence. EOD Team disposed of grenades by detonation. No further explosive hazards were found. Pictures unavailable due to camera being broken. Team continued with mission.

SAFE AREA
